

Data Tip: Reporting Students with Disabilities

The CRDC collects information on students with disabilities in two different categories:

Students with Disabilities (IDEA)	<ul style="list-style-type: none"> • Student receives special education and related services under IDEA according to an Individualized Education Program (IEP), Individual Family Service Plan (IFSP), or service plan. • Student <i>may or may not</i> also be served under Section 504
Students with Disabilities (Section 504 Only)	<ul style="list-style-type: none"> • Student receives related aids and services under Section 504 of the Rehabilitation Act of 1973, as amended, and is NOT served under IDEA.

Whenever a separate count is collected on students with disabilities within the CRDC, an item table will typically have a **Students with Disabilities (IDEA)** column, a **Students with Disabilities (Section 504 Only)** column, or both. Counts of students with disabilities served under Section 504 only should not be included in the **Students with Disabilities (IDEA)** column of the table.

If a table collects separate counts for **Students with Disabilities (IDEA)** but does not have a category for **Students with Disabilities (Section 504 Only)**, include students with disabilities served under Section 504 only in the following categories:

- Race/ethnicity
- LEP
- Total

Students with disabilities served under IDEA may also be included In these categories.
